TRUST

DESIGNED TO
ELEVATE YOUR SPACE

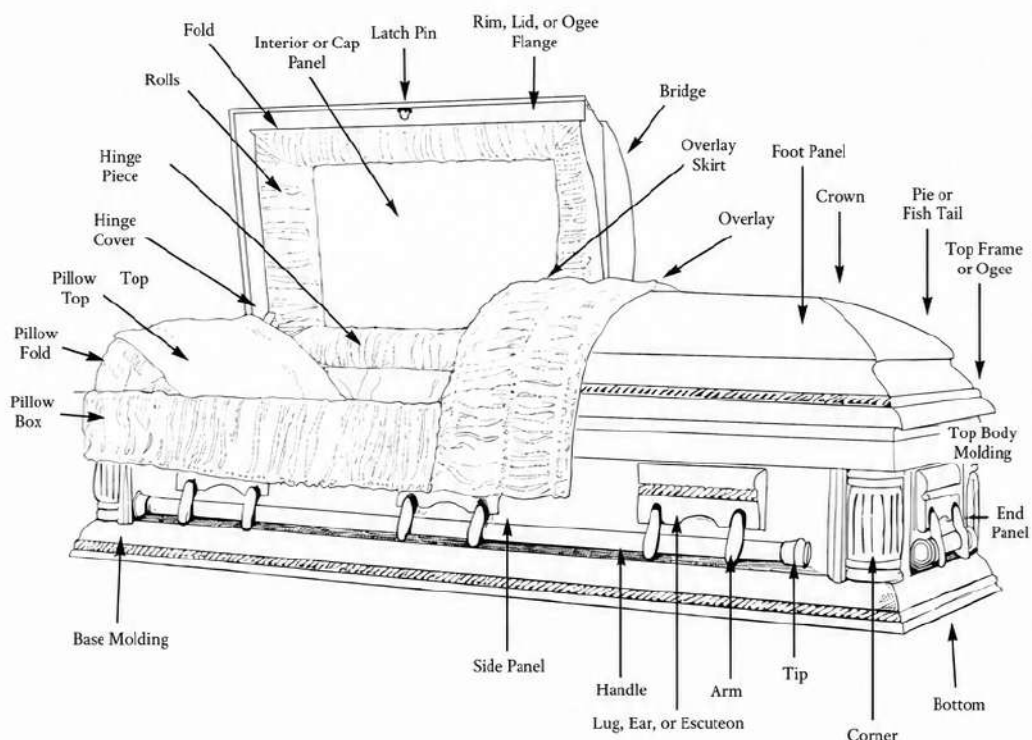

“Why is it a great idea to know all the parts of a Casket or Coffin you’re ordering?”

Knowing the components of the base helps you confirm the Physical Dimensions so that the Casket will fit both the deceased and the grave plot. The hardware and handle assembly affects both the aesthetics and the overall weight capacity. Understanding the components (the Pillow, bed, and overlay) lets you choose the exact fabric and level of comfort you desire. It helps Funeral Directors and Association members tell the difference between Quality Made Caskets and subpar Caskets fraught with errors.

Casket Components

- Diagram A (2026 June)

Our Commitment to Quality Craftsmanship

Each casket is built with the finest workmanship, reflecting meticulous attention to detail and a deep respect for tradition.

We are honored to support you during this journey with products that combine elegance, durability and timeless design.

COMPANY POLICY

QUALITY CONTROL

Our Burial Products Quality Control processes are guided by our Internal Quality Control Checks. Each Casket is shipped with an accompanying Certificate of Completion ensuring that each casket has been thoroughly inspected and meets our highly distinctive quality controls checks.

REPAIRS POLICY

We offer FREE repairs for caskets damaged in loading, delivery and offloading for all clients. It is however the buyer's responsibility to make sure that they deliver the damaged Burial Product for inspection and repair.

PURCHASE POLICY

We offer a Prepaid Casket Purchase option that is linked to your Funeral Parlours, Reseller and or Export Offices.

BULK ORDER SPECIFICS

Bulk orders minimum units begin from 5+ units per purchase. Only super bulks orders, 10+ units per purchase qualify for discounted purchase prices.
